

true patriot, and one of the most highly respected scientists in the world, Dr. Burton Richter.

Burt Richter was born in Brooklyn, New York, on March 22, 1931, and died July 18, 2018, at the age of 87, in Palo Alto, California. He attended Mercersburg Academy in Pennsylvania and earned his Bachelor's degree and Ph.D. from the Massachusetts Institute of Technology. He joined the High Energy Physics Lab at Stanford in 1956, became a full professor there in 1967, and he retired as the Paul Piggott Professor in Physical Sciences in 2006.

Burt Richter was an extraordinary scientist. For his discovery of the J/psi subatomic particle, called "the greatest discovery ever in the field of elementary particles," he won and shared the Nobel Prize in 1976 with Samuel Ting of MIT. The discovery, called the 'charm quark', became part of the Standard Model of particle physics, describing how subatomic particles interact.

Dr. Richter was the Director of the Stanford Linear Accelerator Center, now SLAC, from 1984 to 1999. During his tenure he oversaw the construction of the Linear Collider and designed the SPEAR, the Stanford Positron Accelerator Ring, which is still in use today. He was a member of the National Academy of Sciences, a fellow of the American Academy of Arts and Sciences and the American Association for the Advancement of Science. He served as President of the International Union of Pure and Applied Physics and the American Physical Society.

Dr. Richter was honored with the National Medal of Science, the Enrico Fermi Award and the Ernest Orlando Lawrence Award. In 2010, he published the book "Beyond Smoke and Mirrors: Climate Change and Energy in the 21st Century," which explains the facts of climate change to non-scientists.

Mr. Speaker, I ask the entire House of Representatives to join me in extending our sincerest condolences to Dr. Richter's wife, Laurose, his daughter Elizabeth, son Matthew, daughter-in-law Cheryl, and his grandchildren Allison and Jennifer. In doing so we honor a great and good man who loved his country and served it with great distinction. Burt Richter advanced the betterment of our world and our country. How blessed I am to have known him, to have been the beneficiary of his wise counsel, and to have been inspired by his integrity and patriotism. Simply put, there was no one like him.

#### TRIBUTE TO TOM JENSEN

#### HON. JOHN J. DUNCAN, JR.

OF TENNESSEE

IN THE HOUSE OF REPRESENTATIVES

*Thursday, July 26, 2018*

Mr. DUNCAN of Tennessee. Mr. Speaker, sometimes people say one person can't make much of a difference. But many times, I've seen that this is not true.

One prime example was a friend of mine, Tom Jensen, who was a businessman and community leader in my District.

Tom was a distinguished member of the Tennessee House of Representatives. During his time in Nashville, he served as chair of the ethics and disclosure committee and was elected as the National Chairman of the State Legislators.

In 1996, Tom came to me with the idea of creating the National Safe Skies Alliance to perform research on aviation safety and security. The alliance is still headquartered near the Knoxville airport.

Tom and I went to the FAA for approval of the alliance and over the years the National Safe Skies Alliance has performed safety and security testing on over 120 national airports. This has brought untold millions into East Tennessee and has done great national significance.

Not only was he a great leader, but an even better Christian. He and his wife, Carolyn, were always a strong presence with their faith community at Wallace Memorial Baptist Church, where they taught an adult singles class for 45 years. That class is now named the Jensen Sunday School Class.

Once he graduated from the University of Tennessee, he went to work for his family business in Knoxville, where he learned the lessons of hard work and service. He took those lessons with him to many business ventures, and public service, that led him to his highly successful career.

Having the privilege of knowing Tom has certainly proven to me that one man has the ability to make a big difference. He touched thousands in good and positive ways.

Tom's presence in our Knoxville community will be missed. I am honored to have served him in Congress and even more proud to call him a friend.

This Nation is a better place today because of the life he led.

#### RECOGNIZING THE 100TH ANNIVERSARY OF CANYON ELEMENTARY SCHOOL

#### HON. MARK DeSAULNIER

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, July 26, 2018*

Mr. DESAULNIER. Mr. Speaker, I rise to recognize the 100th anniversary of the founding of Canyon Elementary School. This school, located in my district, has served and guided students on their educational pursuits.

Nestled deep in the redwoods, the school is the only public K-8 institution in the Canyon district. Built in 1918, the school was originally named Valle Vista School, but was later renamed as Canyon School and restructured into a three-classroom complex.

Canyon promotes creativity through inspiring art and music programs. Each Wednesday, the school features a comprehensive visual arts program where students participate in Capoeira activities and learn about the musical arts. In addition, Canyon School encourages and supports a lively community by means of annual student performances.

Canyon Elementary School's mission is to foster a lifelong appreciation for learning, individual academic growth, and achievement through artistic expression. The school is a welcoming place for developing the talents, strengths, and confidence of students.

As a lifelong advocate for early childhood learning, I am grateful for the work that Canyon Elementary School does and the contributions they make to the young minds of our district. Congratulations to Canyon Elementary School on their successful 100 years of service to students and the community.

#### COLEMAN BAPTIST CHURCH 130TH ANNIVERSARY

#### HON. VICKY HARTZLER

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

*Thursday, July 26, 2018*

Mrs. HARTZLER. Speaker, I rise today to congratulate the Coleman Baptist Church on celebrating its 130th anniversary on the 28th of July. Since 1887, the church has been a staple of the northern portion of Peculiar Township just south of Kansas City, Missouri.

The church was originally established by the daughter of Senator Robert Goodwin Coleman Jr. when she recognized the need for a community church. With help from her father, the family raised the \$1,450 needed to build the church. Since then, the church has endured through trials and tribulations, including having to shut down in 1926 due to a decline in members. But the church didn't quit, and eventually reopened its doors in 1940 and has remained opened ever since.

Throughout the years the Coleman Baptist Church has served as a beacon of hope and perseverance in the Peculiar region. It has touched the lives of so many in the community and I am proud to have this house of worship in my congressional district. Once again, congratulations to the Coleman Baptist Church on its 130th anniversary. May God continue to bless you now and into the future.

#### RICHARD LINDSAY TRIBUTE

#### HON. SCOTT R. TIPTON

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

*Thursday, July 26, 2018*

Mr. TIPTON. Mr. Speaker, I rise today to recognize Richard "Dick" Lindsay of the Third Congressional District for his lifelong commitment to service.

Mr. Lindsay was born and raised in Cortez, Colorado and is one of nine siblings. His service began in July 1943 when he enlisted in the United States Navy, at the age of 17-years-old, to serve in World War II. While stationed in California for boot camp, he was trained in landing aircraft and completed his training with a rank of Seaman First Class.

During his service, he was assigned to the USS *Bingham* where he contributed to the ship's efforts to provide supplies to troops across the Pacific. While deployed on the USS *Bingham*, he traveled to Hawaii, Japan, the Marshall Islands, the Philippines, Saipan, and Guam. In Japan, Mr. Lindsay saw action at the Battle of Okinawa, Operation Magic Carpet, and took part in amphibious warfare training.

Three years later, in June 1946, Mr. Lindsay transferred to the U.S. Navy Reserve, and was able to return home to complete his high school degree. Just a few years later, he met a woman named Nelda, they fell in love, and together they started a family and went on to open The Flower Cottage in Cortez, which they have run together since 1960.

Since then, he has been heavily involved within the Cortez community, spending countless hours volunteering for the Lions Club, American Legion, Elks Club, and coaching Little League baseball. Mr. Lindsay has worked
